Career Objective

Aspiring Full Stack Developer with strong frontend development skills using HTML, CSS, JavaScript, and React.js, along with working knowledge of backend technologies like Node.js and PostgreSQL. Passionate about building real-world user-centric web applications and solving problems with efficient code. With prior experience running a business and working in customer-facing roles, I bring strong communication, analytical, and decision-making skills. Currently seeking a full-time opportunity to contribute and grow as a developer in a forward-thinking company.

Technical Skills

• Frontend: HTML5, CSS3, JavaScript, React.js
• Backend: Node.js, Express.js
• Database: PostgreSQL
• Version Control: Git, GitHub
• Tools: VS Code, Postman, Chrome DevTools

Projects

• Personal Portfolio Website
  - A personal web developer portfolio built using HTML, CSS, and React.js.
  - GitHub link available upon request.

Professional Experience

• Operations Assistant – Phoenix Pumps
  Coimbatore | Aug 2019 – Oct 2020
  - Supported daily operations in a pump/motor trading business.
  - Assisted in inventory management, vendor coordination, and customer service.
  - Gained business-level exposure and practical communication experience.

• Proprietor – Grand Pumps and Motors
  Coimbatore | Oct 2020 – Aug 2023

- Operated a GST-registered proprietorship in pump/motor trading.
- Managed purchase orders, billing, supplier negotiation, and customer interactions.
- Built business discipline, self-management, and client-handling skills.

• Sales Executive Officer (Off-role) – Buzzworks Advancing Human Capital
  Client: Muthoot Finance Ltd | Apr 2024 – May 2025
  - Handled customer-facing operations for gold loans and financial services.
  - Worked within Muthoot branches, maintained strong client records.
  - Received positive feedback and built a track record in corporate service.

Note on Career Gap (Aug 2023 – Mar 2024):
After concluding my business operations, I took a short career break to explore new interests. During this period, I discovered my passion for web development and began serious self-learning through online platforms and hands-on projects. This motivated my transition into the tech field
